

CHARITY GUIDE:

Once you have completed your fruit pick please split up the fruit into the following:

- $\frac{1}{4}$ goes to the homeowner (it will be in your pick confirmation email if they would like their share).
- $\frac{1}{4}$ goes to you the volunteer.
- $\frac{1}{4}$ goes to OFRE (it will be in your pick confirmation email if we would like our share).
- $\frac{1}{4}$ goes to a charity of your choice.

If one or more of these splits do not want their fruit share then please just split up the remaining fruit as best you can. At least $\frac{1}{4}$ of the fruit needs to be donated to a charity, other than that, please use your own discretion on how the fruit is to be distributed.

Either each individual can drop off fruit to the charity of their choice; or the group may pick a volunteer who will be responsible for dropping off the picks charity share. If you choose one representative then decide as a team which organization(s) you would like them to go. If there is more than 1 charity selected due to the large yield, or personal preference, then the drop off tasks should be split up within the group.

Below is a guide for charities that accept fruit donations. If you have a different organization in mind that you would like to donate to, you can do that as well. You may donate more fruit to the charity if you would not like your full share size.

Please remember to also fill out our post survey form so that OFRE knows where the fruit has been donated and how the pick went. Thank you!

Edmonton's Food Bank: To be stewards in the collection of surplus and donated food for the effective distribution, free of charge, to people in need in our community while seeking solutions to the causes of hunger.
